## Experience

### **SocialSense View Project**

June 2023 – May 2024

Graphics and UI/UX Designer Intern

Remote - Singapore

- Crafted visually engaging and intuitively navigable web application interfaces using modern UI/UX principles, wireframing techniques, and Framer, resulting in improved user engagement and satisfaction.
- Created brand-aligned graphics and an optimized website that elevated the company's professional image and boosted interaction across digital platforms.

### **Quickads Visit Website**

Feb 2024 – March 2024

Webflow Developer

Remote - Singapore

- Developed and maintained responsive, visually appealing Webflow websites in collaboration with cross-functional teams, enhancing client engagement and web performance.

### **NextFront Technologies Visit Website**

July 2024 – Present

Frontend Developer Intern

Remote - Bangalore, Karnataka

- Building responsive user interfaces using React.js, Tailwind CSS, and Firebase, focused on performance, usability, and component reusability across the project.

## Projects

### **Zielo – A Collaboration Platform View Project**

Full Stack Developer

- A web-based platform designed to connect creators and brands for seamless collaborations. Zielo streamlines the partnership process by enabling brands to discover, engage, and work with content creators through a unified dashboard.

### **TEDxJUET 2025 View Project**

Frontend Developer

- Designed and developed the official website for TEDxJUET 2025 using React and Tailwind CSS. Focused on responsive layout, accessibility, and brand-aligned visual storytelling to promote the event, speakers, and live updates.
