Education

Jaypee University of Engineering and Technology, Guna

August 2022 – June 2026

B.Tech in Computer Science and Engineering

CGPA: 6.6

Delhi Public School, Varanasi

2012 – 2022

Experience

Frontend Developer Intern, Nextfront Technologies - Remote

September 2025 - Present

- Architected and built responsive frontend web applications for [SocialSense.ai](#), [Cueberry.ai](#), and [HiringForms.io](#), scaling web presentation layout to multi-device ecosystem.
- Optimized application load configurations and production builds, leading to improved state initialization speeds and asset processing throughput.

Graphics and UI/UX Designer Intern, SocialSense - Remote

June 2023 – May 2024

- Crafted visually engaging and intuitively navigable web application interfaces using modern UI/UX principles, wireframing techniques, and Framer, resulting in improved user engagement and satisfaction.
- Created brand-aligned graphics and an optimized website that elevated the company's professional image and boosted interaction across digital platforms.

Webflow Developer Intern, Quickads - Remote

February 2024 – March 2024

- Developed and maintained responsive, visually appealing Webflow websites in collaboration with cross-functional teams, enhancing client engagement and web performance.

Projects

Research Genie | [Link](#)

- Engineered a Next.js (React 19) & Tailwind CSS frontend for an AI IEEE research assistant, featuring a Lexical rich-text editor, shadcn/ui components.
- Integrated REST and streaming (SSE) APIs for real-time AI chat and compliance checking, rendering token-by-token markdown and structured violation reports.

CV Insights | [Link](#)

- Built a React 19 & Vite frontend for an AI resume analyzer, implementing responsive PDF upload interfaces and custom recruiter workflows.

Reader Mode Chrome Extension | [Link](#)

- Developed a Manifest V3 Chrome extension using Mozilla Readability.js to extract web article content, stripping ads to render a distraction-free dark mode UI and ad blocking.

Band Selection Tool | [Link](#)

- Built an Android utility app (Kotlin) utilizing root-level shell commands (Magisk/KernelSU) to unlock Samsung's hidden Network Band Selection with 1-tap shortcuts.

Extra Curricular

- **CSE Co-Head** – 2025, **Secretary** (Multimedia & UIUX) – 2024
- **Advisor** (Media Wing) – 2025, **Joint Secretary** (Videography, Media Wing) – 2024
- **Designing Head** (TEDxJUET 2025), **Designing Team** (National Seminar on G20, Diversity & Sustainable Development) – 2024

Skills

Frontend & UI/UX: React (Vite, Astro), React Native (Expo), TailwindCSS, Redux, Adobe XD, Figma, Framer, Webflow

Graphic Designing with Video Editing & Motion Graphics: Adobe Illustrator, Adobe Photoshop, Adobe InDesign, Adobe After Effects, Adobe Premiere Pro

Soft Skills: Prompt Engineering, Adaptability, Communication Skills, Creative Thinking, Leadership, Problem-Solving, Team Work, Time-Management
